Re: Communications Assistance for Law Enforcement Act, CC Docket 97-213

Dear Ms. Salas:

On July 18, 2001, representatives from Lucent Technologies Inc. (Cathy FitzPatrick, Diane Law Hsu, and Mary McManus) met with Bryan Tramont and Cathy Hilke of Commissioner Abernathy's office and later Lauren Maxim Van Wazer of Commissioner Copps' office to discuss the need for an extension of the September 30 packet-mode CALEA deadline. Lucent discussed its current and previous participation in the development of CALEA core solutions and in CALEA standards activities and barriers to the development of packet solutions.

Sincerely,

Diane Law Hsu  
Corporate Counsel
